

ACADEMIC COMPLEX 1

The new 84,000 square foot Academic Complex 1 (AC1) will re-orientate the face of Los Angeles Valley College.

GENERAL INFORMATION

Design-Build Entity: Pankow Builders & QDG Architects

Program Management: Jacobs

Completion: Fall 2025

Design Build Contract: \$90 million

Funding: Measure J & CC

LEED Rating: Silver

Located along Burbank Boulevard, the new three-story building will comprise of two wings joined by a common lobby and include 24 classrooms, 4 flexible classrooms, 6 computer labs, 1 Skills Demonstration and Testing Room, 1 Lecture Hall, an Administration suite with offices and support spaces for faculty and staff. The new building will house Business Administration, CSIS, Emergency Services, Mathematics, Psychology/Statistics and Sociology/Ethnic Studies departments.

Academic Complex 1 will enhance the College's historic quad with the addition of a terraced garden, planetarium court, and roundabout arroyo. Designed above the storm water capture system, these outdoors areas will create inviting spaces for the students to gather, share and study. The project includes a number of sustainability features for energy efficiency, water conservation, and incorporates sustainable building materials.
