

THE FUTURE OF CLEAN MOBILITY AND THE IMPACT ON OUR COMMUNITY

**FOSTERING A STRATEGIC VISION FOR THE LACCD'S
ROLE IN EV INVESTMENTS, ADOPTION, AND TRAINING.**

Educating over 200,000 students, the Los Angeles Community College District's (LACCD) investments in electric vehicle (EV) capacities are more than just infrastructure; they are the physical manifestations of a commitment to community development and upward economic mobility.

JOIN US IN BUILDING STRATEGY

The Forum will champion LACCD's pivotal role in equitable regional EV adoption efforts, spotlighting the district's dedication to transportation decarbonization and put forward new research to help guide strategy and catalyse action over the pivotal next few years.
